

Harbinger of death

Harbinger of death
Sweeping the streets
Emptying needs
Depriving of breath

Their splendor and pomp
Worth nothing these days
The knell when it chimes
For all humankind

The pauper still waiting
For their fair share
Despite all the rating
Relief aid is rare

The pauper still waiting
For their fair share
Despite all the rating
Relief aid is rare

Agony prevails
No need for a strife
Triage never fails
Irony of life

So all the remains
Are stacked up in piles
The suffering's over
Suffocation corpse files

The pauper still waiting
For their fair share
Despite all the rating
Relief aid is rare

The pauper still waiting
For their fair share
Despite all the rating
Relief aid is rare

Lost in death (*Lost in death*)
Covered in blood (*Covered in blood*)
No more hope (*No more hope*)
No more love (*No more love*)
